

Beachside Tennis Academy is owned and operated by Club Professional Coaches Andrew Crawford and Helen Papaevagelou, who have a combined 30 year coaching and business management experience. Beachside Tennis Academy offers coaching for all player levels from beginner to advanced. The coaching program is designed to give players a clear pathway through all development stages of tennis, from beginner to elite. Beachside Tennis Academy also run a tennis specific Pro shop and restringing service with expert advice.

Junior Squads

Beachside Tennis Academy offer three progressive squad stages from Development to High Performance with a focus on fine tuning stroke technique, rallying, court awareness, fitness, match play, and court movement and tactics.

ANZ Hot Shots Program

The ANZ Hotshots program is based on a "Learning through play" philosophy. The modified racquets and low compression balls (which bounce lower, slower and are much easier to contact) enable the development of tennis skills faster. The Red, Orange and Green stages offer a clear pathway.

Holiday Clinics

Beachside Tennis Academy hosts fantastic junior clinics to help young tennis stars develop their skills, meet new friends, and most importantly – have fun!

Private Lessons

Beachside Tennis Academy offers private lessons for players of all standards. Adults and juniors can enrol on a casual or term basis.

Hot Shots Match Play

The Hot Shots Match play is for juniors who are not yet ready to play fixtures. Hot Shots Match play has been developed as an addition/ progression from coaching classes to playing the game of tennis, and a step towards playing fixtures and tournaments.

Cardio Tennis

Burn calories, increase your fitness and improve your game at the same time in this fun, music-fuelled group workout. Cardio Tennis is a fun, social, group tennis-fitness program for people of all ages and abilities. It's more about getting a great, high-energy workout than pure tennis technique.
